Career Objective

Dedicated Full Stack Developer with strong foundations in Java/Spring Boot backend and ReactJS frontend development. Committed to building scalable, efficient applications through modern development practices. Eager to join a forward-thinking team where I can apply my technical skills while continuing to grow as a developer.

Technical Skills

Languages: Java, JavaScript, SQL, HTML5, CSS3

Frameworks / Libraries: J2SE, J2EE, Java 8/11, Spring Boot, Spring MVC, Maven, ReactJS

Databases: MySQL, MySQL Workbench

Developer Tools: Git, Visual Studio, IntelliJ IDEA, Eclipse IDE, Spring Initializer, Postman

Web/Operating System: Windows

Technical Proficiencies: Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems

Soft Skills: Leadership, Problem-Solving, Collaboration

Education

Bachelor of Engineering in EEE

Vaagdevi Engineering College, Warangal
July 2023
Final CGPA: 7.47

Diploma EEE

Govt. Polytechnic Stn. Ghanpur, Stn. Ghanpur
June 2020
Final CGPA: 8.5

Secondary School Leaving Certificate (SSC)

Ekashila High School, Warangal
June 2017
Final CGPA: 9.5

Academic Projects

Electronic Store Web Application

December 2023 – May 2024

- Developed a secure backend using JWT authentication and integrated it with ReactJS for a seamless user experience.
- Implemented role-based access control (RBAC) and used ReactJS to create a dynamic UI for different user roles.
- Designed a product catalog with CRUD operations and used ReactJS to create a user-friendly interface.
- Created RESTful APIs for secure data retrieval and manipulation, and integrated them with ReactJS for real-time updates.
- Ensured secure data handling and error management using ReactJS.

Internship

Intern at ExcelR Solutions, Hyderabad

September 2023 – February 2024

- Worked on real-time Java projects using Spring Boot and integrated them with ReactJS for a full-stack application.
- Learned database management using MySQL and created a data-driven UI with ReactJS.
- Collaborated with the team to optimize API performance and scalability using ReactJS.

Courses and Certifications

- Completed hands-on training in full-stack development: including front-end and back-end technologies.
- Gained experience in building and deploying web applications: using Java, Spring Boot, SQL, and related technologies.
- Earned a 6-month AI Variant certification: in "Foundations of Full-Stack Development."
- Built proficiency in Spring Boot: by executing real-time projects.
- Gained experience with ReactJS: by building and deploying front-end applications, and integrating them with backend services using RESTful APIs.
